

# Proceedings of the 8<sup>th</sup> International Workshop on Agglutinated Foraminifera

## TABLE OF CONTENTS

Preface.....	i
List of Reviewers.....	iv
List of Participants.....	v
“Flysch-type” agglutinated foraminifera from the Lower Miocene of the Transylvanian Basin (Romania) <i>CLAUDIA BELDEAN and SORIN FILIPESCU</i> .....	1–18
<i>Eobigenerina</i> , a cosmopolitan deep-water agglutinated foraminifer, and remarks on late Paleozoic to Mesozoic species formerly assigned to <i>Pseudobolivina</i> and <i>Bigenerina</i> <i>CLAUDIA G. CETEAN, EIICHI SETOYAMA, MICHAEL A. KAMINSKI, THEODOR NEAGU, MIROSLAV BUBÍK, SORIN FILIPESCU, and JAROSŁAW TYSZKA</i> .....	19-27
Re-discovering <i>Entzia</i> , an agglutinated foraminifer from the Transylvanian salt marshes <i>SORIN FILIPESCU and MICHAEL A. KAMINSKI</i> .....	29-35
Bathymetric distribution and ecology of agglutinated foraminifera along an inner neritic to upper bathyal transect in the Marmara Sea <i>FABRIZIO FRONTALINI, MICHAEL A. KAMINSKI, RODOLFO COCCIONI, CARLA BUCCI, and ALI AKSU</i> .....	37-52
The New and Reinstated Genera of Agglutinated Foraminifera published between 2005 and 2008 <i>MICHAEL A. KAMINSKI</i> .....	53-59
Lectotypes of type species of Agglutinated Foraminiferal Genera in the Collections of the Natural History Museum, London. Part 2. Hippocrepinina and Hormosinina <i>MICHAEL A. KAMINSKI and CLAUDIA G. CETEAN</i> .....	61-69
Upper Cretaceous Deep-Water Agglutinated Foraminifera from the Contessa Highway Section, Umbria-Marche Basin, Italy: Taxonomy and Biostratigraphy <i>MICHAEL A. KAMINSKI, CLAUDIA G. CETEAN, RAMONA BĂLC, and RODOLFO COCCIONI</i> .....	71-106
<i>Cribrostomoides carapitanus</i> , n.sp., a new foraminiferal species from the Miocene of eastern Venezuela <i>MICHAEL A. KAMINSKI, SANDRA CRESPO DE CABRERA, and IRUMAR GONZALEZ</i> .....	107-110
A large branched <i>Arthrodendron</i> species (Foraminifera) from the Ropianka Beds (Senonian-Paleocene) of the Polish Carpathians <i>MICHAEL A. KAMINSKI and ALFRED UCHMAN</i> .....	111-114
Wall ultrastructure of some Antarctic foraminiferal genera <i>VALERIA MIKHALEVICH</i> .....	115-129

Agglutinated foraminiferal trends and assemblages of the Sedili Besar River and its offshore area, southeastern Peninsular Malaysia <i>MAHANI MOHAMED, SANATUL SALWA HASAN, AZMI MOHD YAKZAN, and SHAMSUDIN JIRIN</i> .....	131-136
Paralic foraminiferal assemblages from the Paleocene Firkanten Formation of Spitsbergen <i>JENŐ NAGY and JOHN W. MURRAY</i> .....	137-149
Upper Eocene agglutinated foraminifera from Buciumeni section (Ialomita Valley, Dâmbovița District, Romania) <i>THEODOR NEAGU, DAN PETRE POPESCU, ILEANA MONICA CRIHAN, and GHEORGHE POPESCU</i> .....	151-172
Agglutinated foraminifera from the Middle Miocene (Badenian) of Eastern Slovenia (Central Paratethys) <i>KATARINA OBLAK</i> .....	173-190
Agglutinated foraminifera from the proposed GSSP stratotype for the Barremian/Aptian boundary (Gorgo a Cerbara, Umbria-Marche basin, Italy). <i>STEFANO PATRUNO, MICHAEL A. KAMINSKI, and RODOLFO COCCIONI</i> .....	191-214
Recent data on the Upper Cretaceous Stratigraphy and Foraminiferal assemblages of southeastern Western Siberia <i>VERA M. PODOBINA and TATYANA G. KSENEVA</i> .....	215-250
Late Cretaceous Agglutinated Foraminifera and Implications for the Biostratigraphy and Palaeobiogeography of the southwestern Barents Sea <i>EIICHI SETOYAMA, MICHAEL A. KAMINSKI, and JAROSŁAW TYSZKA</i> .....	251-309
<i>Ammodiscus</i> aff. <i>gullmarensis</i> in the Sarmatian (Middle Miocene) of the Transylvanian Basin, Romania <i>LÓRÁND SILYE, JENŐ NAGY, and SORIN FILIPESCU</i> .....	311-315
Agglutinated foraminifers from event deposits - an example from the Northern Outer Carpathians <i>ANDRZEJ SZYDŁO</i> .....	317-330
The Early Eocene <i>Saccamminoides carpathicus</i> Assemblage in the Outer Flysch Carpathians <i>ANNA WAŚKOWSKA</i> .....	331-341
Jurassic Benthic Foraminiferal Biostratigraphy & Palaeoecology at the Shtokman Structure, Barents Sea <i>S.P. YAKOVLEVA-O'NEILL, M.A. KAMINSKI, and F.M. GRADSTEIN</i> .....	343-356
Micropalaeontological Notes: The Infaunal Habitat of <i>Repmanina charoides</i> : Data from the Portuguese Margin <i>M. PHIPPS</i> .....	357
Index of new and emended taxa .....	359
